

PLATFORMER GAME

Jump. Build. Collect. Create Your Own World.

 Ages 9–13

 Builder Level

 2.5 Hours

-  How platformer games work
-  Level design basics
-  How to create fun challenges
-  Power-ups and collectibles
-  Sprite design and animation
-  Game testing and playtesting
-  How to pitch their game idea

★ 7 EPIC MISSIONS. 1 AMAZING GAME. ★

- 1 Anatomy of a Platformer**

Discover the parts of a platformer game.
- 2 Design Your Hero**

Create your hero, skills, and backstory.
- 3 Level 1: The Tutorial**

Build a fun first level for new players.
- 4 Level 2: The Challenge**

Create a harder level with traps and enemies.
- 5 Power-Ups & Collectibles**

Design rewards and awesome power-ups.
- 6 Sprite Design Workshop**

Draw characters, enemies, and animations.
- 7 Game Pitch & Blueprint**

Plan your game and pitch your big idea.

Build a Platformer Game

Jump. Build. Collect. Create Your Own World.

Ages
9-13

Level
Builder

Time
2.5 Hours

Your mission: design a platformer game with a hero, two levels, power-ups, sprite art, and a pitch you can share.

This workbook belongs to: _____

AI helps. People create. Great games start with imagination.

Your 7 Mission Path

LUX AI KIDS

You will imagine it, design it, build it, test it, and share it.

01

Anatomy of a Platformer

20 min - Create: Platformer Parts Map

02

Design Your Hero

20 min - Create: Hero Design Card

03

Level 1: The Tutorial

25 min - Create: Tutorial Level Blueprint

04

Level 2: The Challenge

25 min - Create: Challenge Level Blueprint

05

Power-Ups and Collectibles

15 min - Create: Power-Up Cards

06

Sprite Design Workshop

25 min - Create: Sprite Studio Sheet

07

Game Pitch and Blueprint

15 min - Create: Game Pitch Sheet

What makes a platformer fun?

A platformer is a game where a character moves, jumps, avoids danger, collects items, and reaches a goal.

Hero

Who does the player control?

Move

How do they run, jump, climb, or dash?

Challenge

What makes the level tricky?

Reward

What can the player collect?

Goal

Where is the finish?

Try it: name 3 platformer parts you saw in a game.

Mission 01 Activity

LUX AI KIDS

Game Explorer: Spot the Parts

Look at a platformer level. Circle what you can find, then sketch your own examples below.

- ☐ Hero
- ☐ Platform
- ☐ Coins
- ☐ Enemy
- ☐ Danger
- ☐ Power-up
- ☐ Start
- ☐ Goal flag

Sketch your own examples of your game level.

Pick a world for your game.

Sky Islands

☐

Jungle Ruins

☐

Candy Caves

☐

Robot City

☐

Ocean Pipes

☐

Lava Mountain

☐

Space Garden

☐

Snowy Castle

☐

My game world is: _____

One-sentence adventure: The hero must _____ before
_____.

Mission 02 + 03 Worksheet

LUX AI KIDS

My Hero Character Card

Hero name: _____

Hero mission: _____

Best skill: _____

Big challenge: _____

Catchphrase: _____

Draw your hero

Choose one main power. Great platformer powers should be fun, fair, and easy to explain.

Double Jump

☐

Dash

☐

Shield

☐

Wall Climb

☐

Tiny Mode

☐

Super Bounce

☐

Freeze Ray

☐

Glide

☐

My hero power is: _____

How it helps: _____

How to keep it fair: _____

Mission 04 Worksheet

LUX AI KIDS

Level 1: The Tutorial Map

Level 1 teaches the player how to play. Start easy, then add one tiny challenge.

START

Draw path, jumps, coins, and one easy obstacle.

GOAL

Mission 04 Check

Does Level 1 teach the player?

Use this checklist to make sure your first level is welcoming and clear.

- ☐ I have a clear start.
- ☐ The first jump is easy.
- ☐ Coins show where to go.
- ☐ The goal is easy to spot.
- ☐ The player learns one skill at a time.
- ☐ There is one small surprise.
- ☐ The level feels fun, not scary.

One thing I can make easier:

Mission 04 Worksheet

LUX AI KIDS

Level 2: The Challenge Map

Level 2 can be harder. Add a new challenge, but keep it fair.

START

GOAL

Add: harder jump + moving platform + new reward + safe restart.

Challenge is what makes the game exciting. Fair challenge means players can learn, try again, and improve.

Obstacle 1

What does it do?

How does the player avoid it?

Draw it here:

Obstacle 2

What does it do?

How does the player avoid it?

Draw it here:

Enemy 1

What does it do?

How does the player avoid it?

Draw it here:

Boss or Big Challenge

What does it do?

How does the player avoid it?

Draw it here:

Mission 05 Worksheet

LUX AI KIDS

Power-Ups and Collectibles

Power-ups are special items that help the player. Collectibles are rewards that make exploring fun.

Coin

Draw icon

Heart

Draw icon

Shield

Draw icon

Speed Boost

Draw icon

Key

Draw icon

Star

Draw icon

Magnet

Draw icon

Mystery Box

Draw icon

Sprites are tiny game pictures. Draw your hero in different frames so the game can feel alive.

Hero idle

Hero running

Hero jumping

Enemy moving

Mission 06 Activity

World Art and Item Sprites

LUX AI KIDS

Background tile

Ground tile

Danger tile

Coin sprite

Power-up sprite

Goal flag

AI can help you brainstorm. You are still the designer. Do not share private information, photos, school details, or full names.

Prompt recipe: Make + For + Style + Rules

Example: Make 5 friendly power-up ideas for a jungle platformer.

Keep them silly, safe, and easy for kids.

My safe prompt:

- ☐ I did not share private information.
- ☐ A grown-up can check my prompt.
- ☐ I will choose my favorite idea and make it my own.

Mission 07 Worksheet

My Platformer Game Blueprint

LUX AI KIDS

Game title:

World/theme:

Hero:

Hero power:

Main goal:

Big challenge:

Best power-up:

The fun twist:

A pitch tells people what your game is and why it is fun.

My game is called _____. The player controls _____.

The goal is to _____. The hardest part is _____.

The coolest power-up is _____. I want players to feel _____.

Practice checklist:

- ☐ Look at your audience.
- ☐ Speak clearly.
- ☐ Show your favorite drawing.
- ☐ Tell one thing you improved.
- ☐ Say thank you.

Ask a friend to try your level. Watch what happens. Do not help right away - notice where they get stuck.

What was fun?

What was confusing?

Where did the player get stuck?

What should I change?

What did I improve?

Final Project Checklist

You are almost ready to share.

- ☐ I created a platformer game idea.
- ☐ I designed a hero.
- ☐ I drew Level 1 tutorial.
- ☐ I drew Level 2 challenge.
- ☐ I created power-ups and collectibles.
- ☐ I drew sprite ideas.
- ☐ I wrote a game pitch.
- ☐ I playtested and improved one thing.

Ace says: A great game does not have to be perfect. A great game is tested, improved, and made with imagination.

Platformer Creator Certificate

Presented to

for completing the Build a Platformer Game Workshop

This creator designed a hero, built levels, created power-ups, made sprite ideas, tested a game, and shared a pitch.
